VAL D'ARAN - SPAIN

'An authentic and a varied type of skiing. For ski and gastronomy lovers.'

Val d'Aran is a region located at the north-west tip of Catalonia, which remained very much isolated in winter until the construction of the Vielha tunnel in 1948.

This stunning area dotted with mountains and valleys has managed to preserve over the centuries a strong identity, such as in its language, architecture and gastronomy.

The particular position of Val d'Aran and an average high elevation provide an excellent amount of snowfall for our great delight.

Barcelona is the capital of the Catalonia province, a fascinating city which needs no introduction. It hosts treasures of architecture and gastronomy, to the delight of culture and good food lovers during our evening exploration.

VAL D'ARAN - SPAIN

We offer you an outstanding off-piste ski trip in Spain in the heart of the Pyrenean range starting from the stunning city of Barcelona. A unique and exotic stay to discover Catalan culture.

Val d'Aran provides endless freeride options from **Baqueira Beret** ski resort. Numerous descents often end at the bottom of valleys located a few kilometers away from the resort. We ride our way back with snowmobiles, warranting for great sensations!

The organization of the week program will be done together with your guide in order to make the most of your ski days and of the best snow conditions.

The second asset of Val d'Aran is its warm festive welcome and its rich diverse **gastronomy**. Spanish people enjoy good food and sharing nice moments around a drink and some *tapas* or *pintxos*. Two tastings will be organized during your stay and you will be taken care of by a local culinary guide during the whole experience.

In our Premium Program we Include: A last evening in the heart of **Barcelona**. Between the Gothic and Raval districts and the Ramblas, you will enjoy an unforgettable night and discover a vibrant city which never sleeps.
