Powder Skiing & Gastronomy Experience

SKI PASION AT THE PYRENEAN COUNTRY, ANDORRA

Powder Skiing & Gastronomy Experience

ANDORRA

ANDORRA, THE HEART OF THE PYRENEES.

Andorra may only be a little country, but its offer is huge. And for us, in particular, it's a destination that provides perfect skiing and high-quality services.

Our skiing programs are based in Grandvalira, a magnificent ski resort with 210km of perfectly trodden pistes with excellent services; it has nothing to envy what the world's best resorts can offer. Its lifts are modern, the food's marvelous, and there's a wide range of complementary activities.

So, whether your thing is skiing on slopes, freeride or ski touring, Andorra offers everything in only 468km² and an average altitude of 1,996m! Let yourself be seduced by this small country that borders on the south with Spain— with the Catalan counties of Cerdanya, Alt Urgell and Pallars Sobirà— and on the north with France — with the departments of Ariège and Pyrenees Orientales (Occitan).

Our philosophy

PASION. AUTHENTICITY. HOSPITALITY.

Our trips are planned, developed and executed by a passionate team. Thus the relevance given to the human aspect and attention to details in each and every project we take on.

Our trips define us: in a thoroughly selected area, we propose quality routes, with exclusive cuisine and accommodation.

OUR STRONG POINTS

5 days of skiing and off-piste skiing in Grandvalira and its surroundings.*

We offer **5 days off-piste skiing in Grandvalira and its surroundings**, one of the best resorts in southern Europe, during which you'll have some wonderful experiences. The program, as well as offering powder snow skiing, makes it so easy to mix fine food in exceptional restaurants with new experiences and amazing activities.

Our mountain guides and ambassadors in Andorra organize ski activities that aim to provide you with the best snow and skiing over the week.

They will be in charge of **helping you get to know the best parts of this magnificent ski station**, its splendid off-piste and its incredible restaurants, so that all you have to do is have a great time.

Our **Powder Skiing & Gastronomy Experience** program in Andorra includes:

SUMMING UP

- 5 days off-piste skiing with mountain guide or Grandvalira ambassador ski instructor
- 5 days ski pass for Grandvalira
- Andorra's culture and gastronomy
- 2 gourmet dinners in mountain restaurants (with ratrack activity, snowmobiles or snowshoes to reach the chosen restaurants)

Program

DAY BY DAY.

TYPICAL PROGRAM:

Sunday:

Arrival at your chosen accommodation in Andorra (Grandvalira area)
8.30pm Welcome by the Staff and explanation of the week
Dinner

Monday:

Skiing in the GrandValira ski resort, and also off-piste skiing.
Discover the off-piste parts of the resort. Your guide will show you the best parts of this great station and its off-piste.
Gourmet dinner.

Tuesday:

Off-piste skiing in El Tarter and Soldeu sectors. Some great descents await you here, skiing through wonderful snowy forests; since they are hard to find, your guide will show you them.
Dinner in the mountain restaurants that can only be reached by snowshoe or snowmobile.

Wednesday:

Off-piste skiing in the Grau Roig sector.
This is one of the resort's wildest areas. If the snow conditions permit, there are incredible channels to descend (even if we have to take our skies off to get there), but the effort will be well worth it. Maybe you need to take your skis off to reach some pics for the best downhills.
Gourmet Dinner.

Thursday:

Off-piste skiing in the Pas de la Casa sector.
Dinner in a mountain restaurant including snow activity to reach the restaurant.

Friday:

Off-piste skiing in Canillo and Encamp sectors.
Here you will discover incredible surroundings for skiing, you will descend the off piste downhills to get to the Funicamp with your guide, and enjoy skiing like never before through the forests of Canillo.

In addition, every day your guide can book meals in the resort's best restaurants, so you don't have to worry about a thing.

Powder Skiing & Gastronomy at Grau Roig Hotel Program

QUALITY. RELAXATION. GASTRONOMY .

Grau Roig Boutique Hotel & Spa, a luxury on the slopes

Silence, adventure, gastronomy and relaxation in a privileged enclave are the words that best describe Grau Roig Boutique Hotel & Spa.

It is located in an incomparable setting, just ten meters from the ski lifts of the Grandvalira ski resort, in the Grau Roig area. Its rooms have incredible views and are decorated with noble, typical mountain materials, such as wood, iron and leather, but without renouncing design, and providing elements of great comfort.

Gastronomy is another of the hotel's strengths. For this reason, in our programs we offer half board so you can enjoy gourmet cuisine in "La Marmita" restaurant; traditional mountain dishes in "La Vaquería" restaurant; or, if you are lovers of haute cuisine and oenology, in the "Teatre del Vi", an exclusive gastronomic space that pays homage to wine, where you will be served a tasting menu accompanied by selected wine pairings.

The hotel also has a fantastic spa: a space designed for health, rest, well-being and body care

Here you will wake up amid mountains, snow and nature, and it will also be where your skiing day begins.

If you choose to stay at the **Grau Roig Boutique Hotel**, you will enjoy half-board (choosing between lunch and dinner). Located at the foot of the slopes, it's so easy to stop during the ski day and refuel.

Their dinners in any of its several restaurants are an authentic gourmet experience. In spite of this, we also want to offer you the freedom to have two dinners in one of the mountain restaurants, which we will access by snowmobile, rattrack or even with snowshoes.

Powder Skiing & Gastronomy at Mountain Hostel El Tarter

QUALITY. FRIENDLY. GASTRONOMY .

Tarter Mountain Hostel, Much more than a hostel!

Cosy, modern, warm, friendly... This is the Tarter Mountain Hostel. It is undoubtedly our perfect partner in Andorra.

The Hostel is located in a typical Andorran mountain house, more than 2 centuries old, where you can enjoy spaces that combine tradition and modernity to offer you maximum comfort.

Its owners, Mar and Marc, are also skiers, and people who live nature to the fullest. During your stay, they will do everything possible to make you feel at home, so, after just a couple of days there, you'll like you're part of the family.

The Hostel has great facilities, most of which are communal areas, where it's so very easy to connect and share experiences with other skiers who feel that same passion for the mountains that you do.

It has several types of rooms:

Some shared rooms sleeping 4, 5 or 6 people, and also a private double room, perfect for 2.

Although the bathrooms are shared, they're always impeccable. Both the toilets and the showers are organized in individual cabins that can be locked from inside. In each shower you will find a bench and hangers, so you can dry yourself and get dressed comfortably before leaving the cabin.

Fancy a swim in the moonlight?

If, after the day's activity you've still got some energy left, there's an outdoor hot-water pool that's perfect for a few lengths. And if that sounds too much of an effort, why not just immerse yourself and simply relax among the bubbles?

If you decide to stay at the **El Tarter Mountain Hostel**, our program includes a selection of typical "bordas restaurants" ('bordas' are the area's traditional mountain houses), that only use top quality produce, so that you can taste the country's gastronomy. We have put all our love into choosing these restaurants, and are sure that you'll really enjoy regaining strength there after great days skiing. Two dinners in mountain restaurants are also included, to make your experience even more unforgettable.
