

It is mandatory to have a sports and travel insurance; this must include assistance (medical expenses, rescue, repatriation, etc.), loss of services and civil liability. In case of traveling to Lofoten or Yukon-Canada, you should bear in mind that these are within the Arctic Circle, and that few policies cover this area. That's why we work with Intermundial, since they do insure the type of activity we offer, as well as this area and the rest of Europe / World.
